VOL. 52. INDEX

Fasc. 1. (May 1961.) Pag.

Early Blood Leucocyte Changes in Mice and Guinea Pigs Following X-Irradiation and Stress Caused by Operative Manipulations. By A. Forssberg, B. Tribukait and K.-J. Vikterlöf 1

Histamine Release Elicited by Extracts from Ascaris Suis - Influence of Oxygen Lack and Glucose. By B. Diamant 8

Note on the Effect of Increased NaCl-Concentration on the Neuromuscular Transmission. By G. Lilleheil and K. Naess 23

Respiratory Response to Acute Exercise in Induced Metabolic Acidosis. By H. E. Refsum 32

Effect of Dietary Selenium Dioxide, Cystine, Ethoxyquin and Vitamin E on Lipid Autoxidation in Chick Tissues. By J. G. Bieri, H. Dam, I. Prange and E. Søndergaard. 36

Effect of Reserpine on the Storage of New-formed Catecholamines in the Adrenal Medulla. By Å. Bertler, N.-Å. Hillarp and E. Rosengren 44

Phenylalanine and Tyrosine in the Adrenal Medulla. By G. Hall, N. -Å. Hillarp and G. Thieme 49

The Functional State of Vasomotor Nerves to Skeletal Muscle Vessels in Reserpinized Cats. By S. Rosell and A. Rosén 53

Occurrence and Distribution of Catecholamines in the Fish Brain. By U. S. von Euler 62

Studies on the Transfer of Phosphate from Mother to Foetus in the Rabbit. By A.-R. Fuchs and F. Fuchs 65

Influence of Local Temperature Changes in the Preoptic Area and Rostral Hypothalamus on the Regulation of Food and Water Intake. By B. Andersson and B. Larsson 75

A Criticism of the Carcass Analysis Procedure for the Determination of Amino Acid Requirements. By L.-E. Ericson 90

Further Studies on Pigment Migration and Sensitivity Changes in the Compound Eye of Nocturnal Insects. By C. G. Bernhard and D. Ottoson 99

Fasc. 2. (June 1961.)

The Persistence and Regularity of Electrical Activity in Whole Heart Explants. By A. W. B. Cunningham, N. O. Lunell and B. J. Rylander 101

The Discharge in Single Touch Receptors Elicited by Defined Mechanical Stimuli. By G. Höglund and U. Lindblom 108

A Presynaptic Effect of d-Tubocurarine in the Neuromuscular Junction. By G. Lilleheil and K. Naess 120

Pag.

Effect of Reserpine on the Release of Catecholamines from Isolated Nerve and Chromaffin Cell Granules. By U. S. von Euler and F. Lishajko 137

The Effect of Choline 2,6-Dichloro Phenyl Ether Bromide (TM-25) on Organ Content and Urinary Excretion of Catecholamines. By S. Schapiro 146

Taste Functions in the Carp. By J. Konishi and Y. Zotterman 150

The Role of the Adrenals on the Mucosal Mast Cells and Tissue Eosinophils in the Gastric Wall of Rat. By T. Räsänen 162

Uptake op Dopamine by the Storage Granules of the Adrenal Medulla in Vitro. By Å. Bertler, G. Hall, N.-Å. Hillarp and E. Rosengren .. 167

The Fate of Uniformly Labelled ^{14}C Fructose in Different Parts of the Brain and the Pituitary in Goats. By S. Larsson..... 171

The Influence of Rapid Injection of Concentrated Potassium Chloride Solution on the Cardiovascular Functions of the Cat in Respiratory Disorders. By L. Antila and K. Hartiala 178

The Effect of Histamine on the Uptake of ^{35}S by the Duodenal Mucosa of Guinea Pigs. By P. Ball, I. Häkkinen and K. Hartiala 185

Gastro-intestinal Excretion of Dextran-C^{14}. By B. Åberg, W. L. Bloom and E. Hansson 188

Methods for Perfusing the Giant Axon of Loligo Pealii. By T. Oikawa, C. S. Spyropoulos, I. Tasaki and T. Teorell 195

Fasc. 3—4. (July-August 1961.)

Photometric Estimation of the Relative Amount of DNA in Early Chick Embryos. By H. Emanuelsson 197

Mitotic Activity in Chick Embryos at the Primitive Streak Stage. By H. Emanuelsson 211

Effect of Intravenous Infusion of Glucose on Gastric Secretory Responses to Feeding in Pavlov- and Heidenhain-pouch Dogs. By G. Dotevall and A. Muren 234

Effects of Ethanol on the Membrane Potential and Membrane Resistance of Frog Muscle Fibres. By E. Knutsson 242

Stratification of Absorbed Solutions in Mesenterial Veins. By G. Östling 254

Human Serum Cholinesterase as a Sialo-Protein. By O. Svensmark 267

Urinary Excretion Patterns for Substances with Simultaneous Secretion and Reabsorption by Active Transport. By F. Berglund 276

Augmented Cardiac Contraction, Heart Acceleration and Skeletal Muscle Vasodilatation Produced by Hypothalamic Stimulation in Cats. By A. Rosén 291

Further Observations on Anaphylactic Mast-Cell Changes in the Nasal Mucosa of Guinea Pigs in Vivo. By L. O. Boréus 309

Pag.

Quantitative Differences Between Guinea-Pig Ileum and Uterus in the Schultz-Dale Reaction. By L. O. Boréus 320
Studies on the Peripheral Circulation and Metabolism in Man. I. By L. A. Carlson and B. Pernow 328
Further Studies on the Effect of Catechol on the Isolated Guinea-Pig Ileum. By N. O. Sjöstrand 343
Influence of Various Factors on Urine Oxygen Tension in the Dog. By K. Aukland and J. Krog 350
Oxygen Uptake and Pulse Rate while Running with Undertermined and Determined Stride Lengths at Different Speeds. By H. G. Knuttgen 366
Cholinesterases in Human Spinal Fluid and Brain. By O. Svensmark ... 372
Distribution of Blood in the Arousing Hibernator. By K. Johansen 379

Supplementum 180. Arylsulphatase and the Hydrolysis of Some Steroid Sulphates in Developing Organism and Placenta. By M. O. Pulkkinen
Supplementum 181. Crossed Spinal Reflex Actions Evoked by Volleys in Somatic Afferents. By B. Holmqvist.
Supplementum 182. Electrical Activity and Cell Density in the Claustro-Insular Area of the Rabbit. By P. Valleala.

INDEX AUCTORUM

Pag.

Åberg, B., W. L. Bloom and E. Hansson, Gastro-intestinal Excretion of Dextran-C^{14} 188

Andersson, B. and B. Larsson, Food and Water Intake 75

Antila, L. and K. Hartiala, Potassium Chloride on Cardiovascular Functions 178

Aukland, K. and J. Krog, Urine Oxygen Tension 350

Ball, P., I. Häkkinen and K. Hartiala, Histamine on ^{35}S Uptake 185

Berglund, F., Secretion — Reabsorption by Active Transport 276

Bernhard, C. G. and D. Ottoson, Pigment Migration in Insects 99

Bertler, Å., G. Hall, N.-Å. Hillarp and E. Rosengren, Uptake of Dopamine by Storage Granules 167

Bertler, Å., N.-Å. Hillarp and E. Rosengren, Reserpine and Catecholamine Storage 44

Bieri J. G. H. Dam, I. Prange and E. Søndergaard, Lipid Autoxidation in Chick Tissues 36

Bloom, W. L., B. Åberg and E. Hansson, Gastro-intestinal Excretion of Dextran-C^{14} 188

Boréus, L. O., Anaphylactic Mast-Cell Changes in Vivo 309

Boréus, L. O., Ileum and Uterus in the Schultz-Dale Reaction 320

Carlson, L. A. and B. Pernow, Studies on the Peripheral Circulation .. 328

Cunningham, A. W. B., N. O. Lunell and B. J. Rylander, Electrical Activity in Heart Explants 101

Dam, H., J. G. Bieri, I. Prange and E. Søndergaard, Lipid Autoxidation in Chick Tissues 36

Diamant, B., Histamine Release by Ascaris Suis 8

Dotevall, G. and A. Muren, Glucose on Gastric Secretory Response .. 234

Emanuelsson, H., DNA in Chick Embryos 197

Emanuelsson, H., Mitotic Activity in Chick Embryos 211

Ericson, L.-E., Amino Acid Requirements 90

Euler, U. S. v., Catecholamines in Fish Brain 62

Euler, U. S. v. and F. Lishajko, Reserpine on Nerve Granules 137

Forsberg, A., B. Tribukait and K.-J. Vikterlöf, X-Ray and Stress Effects on Blood Leucocytes 1

Fuchs, A.-R. and F. Fuchs, Phosphate Transfer Mother to Foetus in Rabbits 65

Häkkinen, I., P. Ball and K. Hartiala, Histamine on ^{35}S Uptake 185

Hall, G., Bertler, Å., N.-Å. Hillarp and E. Rosengren, Uptake of Dopamine by Storage Granules 167

Hall, G., N.-Å. Hillarp and G. Thieme, Phenylalanine and Tyrosine in Adrenal Medulla 49

Pag.

HANSSON, E., B. ÅBERG and W. L. BLOOM, Gastro-intestinal Excretion of Dextran-C^{14} 188
HARTIALA, K. and L. ANTILA, Potassium Chloride on Cardiovascular Functions 178
HARTIALA, K., P. BALL and I. HÄKKINEN, Histamine on ^{35}S Uptake 185
HILLARP, N.-Å., Å. BERTLER, G. HALL and E. ROSENGREN, Uptake of Dopamine by Storage Granules 167
HILLARP, N.-Å., Å. BERTLER and E. ROSENGREN, Reserpine and Catecholamine Storage 44
HILLARP, N.-Å., G. HALL and G. THIEME, Phenylalanine and Tyrosine in Adrenal Medulla 49
